3 Secretary's report

Results and fines.

New League rules working ok but there are teething problems with results not being phoned or texted through or followed up on writing. It is the team's manager's responsibility.

Registration

No training without payment from next week. If a youth player turns up for training but is not registered - then they must bring forms and payment for next week otherwise they will not be insured.

The general principle is we will allow unregistered players to attend 2 training sessions but thereafter they should not be allowed to train until they are registered and paid.

Powerleague

Power league is now run by Norfolk FA. It is now the football development centre. It will be redeveloped and resurfaced in 3G. 6 x 5 a side pitches with mini soccer pitches and 1 larger pitch. This will be done in 2 phases in Nov and Dec 2009.

Charter Standard clubs can book at reduced price of £15 for a mini soccer pitch. Block bookings are available – payable in rolling blocks of 2 weeks. This will give you a guarantee to use the new facilities once available in 2010.

Ring the FA 01603 748944 to book.

Future Meetings

Future meetings on a Monday night (3rd Mon of the month)– avoiding school holidays

Expenses

Where managers are funding block bookings the club should fund this. The principle that managers should not be bank rolling club activities was confirmed.

A float is available if you need it – Please contact Jeff or Nick who will authorise payment via Claire as previously agreed.
